Locaba was founded in 2019 with the mission to create guilt-free desserts for everyone to enjoy!

Over 10,000 cakes sold and counting, we are proud to create products that are not only good for you but that tastes great as well.

With the renowned expertise of Markus Berndt, who is one of the leading experts in the field of nutrition and lifestyle induced diabetes (especially in German speaking countries), together we strive to continue to create healthy desserts.
